Dear Ms. Realtor,

We are pleased to announce that ABC Inspections is now available in your area to perform all aspects of commercial property inspections.

ABC Inspection inspectors are highly trained and certified in commercial property inspections, from new construction and pre-sale inspections to loan-servicing and insurance inspections, and everything in between. We offer inspections ranging from a general commercial property inspection to those specific building systems and components requiring specialized inspection training. See the list of services we offer and the types of properties we regularly inspect on the accompanying page.

No other company offers the expertise, knowledge and professionalism that ABC Inspection provides.

ABC Inspection covers every area of commercial property inspections to **ensure that your client's investment is protected.**

ABC Inspection is committed to your satisfaction.

Please contact ABC Inspection at 123-456-7891 to schedule your local commercial property inspection right away. We look forward to serving you!

Sincerely,

John Smith
